## CONDEMNNS TARIFF LAW

JUDGE ALTON B. PARKER SAYS IT DECEIVES AND PEOPLE WILL WIPE IT OUT.

New York, Aug. 6.—Ex-Judge Alton B. Parker, who was the Democratic candidate for President in 1904, made this statement yesterday on the new tariff bill.

"The opinion widely entertained and expressed on the campaign of 1900 that the Republican platform's promise of a revision of the tariff was intended to deceive the people is now fully justified. 'By bold and impudent speech Senators and members of Congress have asserted that the plank promised a revision, not a reduction. Four duties. Their only reward is public contempt, for their arguments demonstrate that the purpose of the tariff plank was to cheat and defraud the voters. At the same time the action of the majority in Congress makes them parties to the fraud in that they sought to consummate it.'

"The President has made a strong effort to secure at least an appearance of party honesty, but the little he has accomplished has been at great cost, for one more precedent is created of an executive using his great power to coerce a congressional body, the department of Government, in violation of the spirit of the Constitution.

"And after all, what shall this unseemly struggle retain for the people? Only a little—for it will be found that this tariff act does not like its predecessors in the subject of a period of years but, instead, it and the circumstances surrounding its making will but serve to open again the fight. The final outcome will wipe out the unjust results, if not the stain, of the fraud."

## CANNON'S APPOINTMENTS

FOUR OF CONNECTICUT'S MEMBERS, INCLUDING CONGRESSMAN HILL, GET CHAIRMANSHIPS OF COMMITTEES.

Representative Hill was made chairman of the committee on expenditures in the treasury department in addition to his place on the ways and means committee.

Representative Tilton, the new member, landed better placed than the average new man, being assigned to the committees on military affairs and on claims.

Representative Henry was reappointed chairman of the committee on expenditures on public buildings and member of the committees on patents and merchant marine and fisheries.

Representative Higgins was reappointed to the judiciary committee and chairman of the committee on expenditures.

Representative Sperry received his old assignments as chairman of the committee on alcoholic liquor traffic and member of the post office committee.

## Escaped Burglar Glad To Serve Term Out

Ferdinand Sgantho, who escaped from Wethersfield prison June 13, 1899 and who was recognized by Sheriff Charles E. Staggs while walking through the Illinois state prison in Joliet, was returned to Wethersfield, yesterday. Sgantho was confined to Wethersfield in January, 1897, for a term of five years for burglary and escaped by pretending to be insane and getting confined to the ward for insane persons at the prison with Frank Ribukowsky, a burglar, who was serving a life term.

The men made their way through the skylight of the insane ward and used ropes made from blankets to lower themselves to the ground.

Sgantho declared to the sheriff that he was glad he was under arrest. He said that he had been afraid of everyone he met since escaping from Wethersfield and that his only regret was that he had to leave his wife and children. He was confined to Wethersfield for burglarizing the Hartford railroad in Fairfield. Some months ago he was arrested for stealing journals from a railroad car.

Deputy Sheriff Staggs has been working some time on the transfer of Sgantho from the Joliet prison to Wethersfield to serve out his unexpired term with a measure for jail breaking, for which he was sentenced to life.

Wednesday and landed him in Wethersfield, yesterday at noon. Sgantho's pal in the escape from Wethersfield has never been found.

## CIVIL WAR VETERAN TRIES TO COMMIT SUICIDE FOUR TIMES.

New Haven, Aug. 6.—Brooding over poor business conditions until he became despondent, Louis G. Simmons, a veteran of the Civil war, 68 years old, who with his son-in-law, George Geer, conducts a small stand near Cox's hotel, at Sayville Rock, tried four times last night to commit suicide by throwing himself in front of fast moving trolley cars.

That he was not successful is due to the cool, quick work on the part of the motormen in charge of the cars in front of which he threw himself, but that he escaped without a scratch is miraculous.

Three times he threw himself in front of the cars but each time they were brought to a stop before hitting him. The fourth and last time he was almost successful, being saved only by the quick dropping of the fender which picked him up unhurt. He was taken in charge by Officer Burns, who held him until his son-in-law came and took him to his home at 204 Noble street.

## WOODMONT AROUSED OVER FIRE BUG

With the engaging of outside detectives and the offering of a reward of about \$200, the borough of Woodmont has hopes of capturing the man who is thought to be responsible for the various fires which have been blazing at different intervals in Woodmont since last spring. The fire at Merwin's Point house Wednesday night was undoubtedly incendiary work, according to the authorities and Warden A. Y. Beach has been following up a different clue which, it is thought, will lead to the arrest of the "fire bug" shortly.

That the engagement of outside detectives will also be resorted to by the Woodmont authorities, is expected, according to a statement made by the warden last night and the \$200 reward will be offered for the capture of the miscreant shortly. The authorities believe that the trouble is caused by a mentally unbalanced person having a mania for setting fires and the fact that the fires have occurred since early last spring leads the authorities to believe that the "fire bug" is a well known resident of Woodmont, as the fires have occurred quite a while before the summer colony moved into the place.

Warden Beach is in favor of organizing a vigilance committee, or more than one if the plan is favored by the residents, and it is the opinion of the warden that this plan will prove satisfactory. Warden Beach says that there is good reason to believe, from the clues that he has been following that the man responsible for the trouble will be run to earth soon and that when his arrest takes place there will be quite a sensation in the borough of Woodmont.
